25X1A

1. [] with the excellent cooperation of [] 25X1A
spent last Friday [] to observe the coverage of the Chinese
Communist services which is provided in their CT program. We have
long been concerned with the possibility of either duplication or
conflict in our two programs, and since this is provided [] 25X1A
by guest speakers we have not obtained too clear a picture from
staff members. [] was relieved to find that there is, in
fact, a logical development from the basis provided in SIC's
program -- with some useful repetition and no conflict. [] 25X1A
will make a similar visit to observe the presentation on the
Soviet services.

2. I have met with [] to discuss the possibility
of combining IS and SIC talent to develop a one-day program for
FSI EOD trainees. [] agreed that FSI's proposal was reason-
able and we will develop a program for submission to Alexander
Davitt, the course supervisor. The suggested date is 9 November.

3. I was extremely pleased to learn that you had given
favorable consideration to the possibility of [] return 25X1A
to SIC for a year after completion of his Harvard tour. I believe
that we are in an excellent position to exploit what he brings
back with him. We have been hearing from Dick quite regularly.
He reports that he is enthused about all of his courses -- which
include The Politics of Modernization, African History, and
Soviet Foreign Policy. He is also auditing others of interest
when they fit into his schedule -- and on his own initiative has
wangled his way onto the guest list at the Russian Research
Center. This involves attendance at periodic seminars presented

to the Center by distinguished scholars in the Soviet field. [] had 25X1A
regarded this as a valuable part of his Harvard year, so we're quite
pleased that [] will continue this connection.

4. My "Hundred Universities" trip to Texas was most revealing
and, hopefully, useful. Reaction seemed to be much the same as in
previous years -- appreciation of the effort the Agency was making in
holding the dinners, and a positive interest in helping wherever
possible. This was my introduction to Texas, and after having visited
Austin, San Antonio, Houston, College Station, and Dallas I have be-
come a mild booster. [] the personnel representative with whom
I traveled, is certainly a real credit to the Agency. [] 25X1A
[] the DCI's Special Assistant, was also present at the last two
dinners. He appears to be favorably impressed with OTR as a result of
his auditing sections of the CT program.
